

# POLLUTION LOWERING PURPOSE

# INCREASE OF PUBLIC TRANSPORT

- Reduce as much as possible the use of cars in towns
- Increase the use of electric buses
- Restrict severely use of cars

# HOW TO DO IT

- Limiting using cars (for example using cars only at weekend)
- Expand the bus trips so that they can take people everywhere
- Increase frequency of trips so that people can always find a bus
- Let people take their car just for journeys longer than X miles

# FOR

- Reduction of pollution
- Improvement of public transport
- Reduction of car and motorbikes accidents
- Extreme reduction of cars management fees

# AGAINST

- Taxes increase
- Less insurance gain
- Less autonomy concerning time tables
