

Our war against pollution

Public transports

- 200km long distance supplied by electricity each day;
- More buses stops along the city.

Underground

Historical center

- Electric bicycles or electric cars, cars or bikes won't be accepted
- Many more charging stations

The introduction of a revolutionary item

- Electric scooter
- Parking areas within the center of the city

“Rest day”

- Sunday: no cars can move
- Police will control the traffic on that day.
